This will only enable us to serve you better, also we expect that your representative (not the driver) will be on-site at the time of the delivery to sign the necessary work orders.

For any exhibit or piece which exceeds more than 2 tons a piece, or with dimensions that exceed 2.0m x 1.5m x 1.5m (or any piece more than 5 CBM) where special handling & lifting is required, exhibitor is required to contact Airlink International UAE/GT Exhibitions, to offer a special handling & lifting quotation. We take necessary precautions by covering all cargo and empty cases. However the show site yard is not a covered site, therefore all freight and empties moving in and out of the halls or stored on site during the show are exposed to climatic conditions.

Our tariff is computed on the basis of volume and weight and has no correlation with the value of exhibits. The cost of insurance cover is not included in our scope of work / tariff and the same must be arranged by the Exhibitor and / or Exhibitor company with an express and unconditional waiver of subrogation towards Airlink/GT, our partners & sub-contractors.

At the moment, venue management provide us a limited space to store the empty cases at no extra cost. If this changes in the future of if we are compelled to move the empty cases off site, our tariff will be revised to incorporate such increase in cost.

It is the responsibility of each individual freight agent and exhibitor to ensure the collection of the packed goods from the stand at the end of the show within the stipulated tenancy. We are not responsible for any missing exhibits from the booth.
